Yellow Ladybugs Education & Training Services

## About Yellow Ladybugs

Yellow Ladybugs is an autistic-led non-government organisation dedicated to the happiness, success and celebration of autistic girls, women and gender diverse individuals. We believe all autistic individuals deserve to be recognised, valued, accepted and supported in order to realise their full potential. We are working toward a more inclusive world for autistic girls, women and gender diverse individuals through our events, projects, digital communications, research and advocacy.
